### **Instructions for Online Bid Submission:**

This tender document has been published on the Central Public Procurement Portal ([URL:https://eprocure.gov.in/eprocure/app](https://eprocure.gov.in/eprocure/app)) & Institute website [www.iiserpune.ac.in](http://www.iiserpune.ac.in) . The bidders are required to submit soft copies of their bids electronically on the CPP Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the bidders in registering on the CPP Portal, prepare their bids in accordance with the requirements and submitting their bids online on the CPP Portal.

More information useful for submitting online bids on the CPP Portal may be obtained at: <https://eprocure.gov.in/eprocure/app> .

### **REGISTRATION**

1. Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal ([URL:http://eprocure.gov.in/eprocure/app](http://eprocure.gov.in/eprocure/app) ) by clicking on the link "Click here to Enroll". Enrolment on the CPP Portal is free of charge.
2. As part of the enrolment process, the bidders will be required to choose a unique username and assign a password for their accounts.
3. Bidders are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the CPP Portal.
4. Upon enrolment, the bidders will be required to register their valid Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g. Sify / TCS / nCode / eMudhra etc.), with their profile.
5. Only one valid DSC should be registered by a bidder. Please note that the bidders are responsible to ensure that they do not lend their DSCs to others which may lead to misuse.
6. Bidder then logs in to the site through the secured log-in by entering their user ID / password and the password of the DSC / eToken.
7. The CPP Portal also has user manual with detailed guidelines on enrollment and participation in the online bidding process. Any queries related to process of online bids or queries related to CPP Portal may be directed to the 24x7 CPP Portal Helpdesk.
8. The Institute will not be responsible for any type of technical issue regarding uploading of Tender on website.

### **SEARCHING FOR TENDER DOCUMENTS**

1. There are various search options built in the CPP Portal, to facilitate bidders to search active tenders by several parameters. These parameters could include Tender ID, organization name, location, date, value, etc. There is also an option of advanced search for tenders, wherein the bidders may combine a number of search parameters such as organization name, form of contract, location, date, other keywords etc. to search for a tender published on the CPP Portal.
2. Once the bidders have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective 'My Tenders' folder. This would enable the CPP Portal to intimate the bidders through SMS / e-mail in case there is any corrigendum issued to the tender document.
3. The bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.

### **PREPARATION OF BIDS**

1. Bidder should take into account any corrigendum published on the tender document before submitting their bids.
2. Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the bid. Please note the number of covers in which the bid documents have to be submitted, the number of documents - including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid.

3. Bidder, in advance, should get ready the bid documents to be submitted as indicated in the tender document / schedule and generally, they can be in PDF / XLS formats. Bid documents may be scanned with 100 dpi with black and white option.
4. To avoid the time and effort required in uploading the same set of standard documents which are required to be submitted as a part of every bid, a provision of uploading such standard documents (e.g. PAN card copy, annual reports, auditor certificates etc.) has been provided to the bidders. Bidders can use "My Space" area available to them to upload such documents. These documents may be directly submitted from the "My Space" area while submitting a bid, and need not be uploaded again and again. This will lead to a reduction in the time required for bid submission process.

### **SUBMISSION OF BIDS**

1. Bidder should log into the site well in advance for bid submission so that he/she upload the bid in time i.e. on or before the bid submission time. Bidder will be responsible for any delay due to other issues.
2. The bidder has to digitally sign and upload the required bid documents one by one as indicated in the tender document.
3. Financial Bids can be submitted in PDF format (As per Chapter 5).  
The bidder may add rows to include the prices of all components & warranties, installation etc. whichever applicable.
4. The server time (which is displayed on the bidders' dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the bidders, opening of bids etc. The bidders should follow this time during bid submission.
5. The uploaded tender documents become readable only after the tender opening by the authorized bid openers.
6. Upon the successful and timely submission of bids, the portal will give a successful bid submission message & a bid summary will be displayed with the bid no. and the date & time of submission of the bid with all other relevant details.
7. Kindly add scanned PDF of all relevant documents in a single PDF file of compliance sheet.

### **ASSISTANCE TO BIDDERS**

- i. Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender.
- ii. Any queries relating to the process of online bid submission or queries relating to CPP Portal in general may be directed to the 24x7 CPP Portal Helpdesk. The contact number for the helpdesk is **0120-4200462, 0120-4001002, 91-8826246593**.

**Chapter 1**

Assistant Registrar (stores & Purchase)

Indian Institute of Science Education and Research (IISER), Pune

**Dr. Homi Bhabha Road, Pashan Pune– 411008.**

**Tel: +91-020-25898017; Fax: +91-020-20251566**

**Website: [www.iiserpune.ac.in](http://www.iiserpune.ac.in)**

#### **TENDER FEE & EARNEST MONEY DEPOSIT DETAILS**

- a) **Tender Fee of Rs. 1000/- (One Thousand only)** in the form of Demand Draft from Nationalized/scheduled bank in favor of The Director, IISER Pune. The firm registered with DGS&D/NSIC as manufacturer for the supply of the same category of item for which the party is submitting quotation will be exempted from submission of Fee.
- b) **EMD of Rs. 1,20,000/-(One lakh twenty thousand only)** in the form of Bank guarantee (As per format enclosed as ANNEXURE- 'C') or Demand Draft of a scheduled bank in the name of Director, IISER, Pune valid for 180 days from the date of opening of the tender. The firm registered with DGS&D/NSIC as manufacturer for the supply of the same category of item for which the party is submitting quotation will be exempted from submission of EMD. Intended parties will have to give proof of registration along with their quotation. EMD of the unsuccessful bidders shall be refunded without any interest at the earliest after finalization of the purchase of concerned item. The party must therefore, submit a pre-receipted Bill in triplicate along with the quotation (in case of EMD sent in form of Bank Draft) to enable us to refund their EMD.
  - i. The BIDDER who submits the tender on behalf of their principals should produce documentary evidence in support of their authority to quote or submit proforma invoice of their principals. In case the BIDDER is not represented by any Indian Agent the Bank Guarantee valuing **USD \$ 1764.00 (US One Thousand seven hundred sixty four only)** should accompany the Technical Bid towards EMD.
  - ii. In case of bids in Foreign Currency, the Indian Representative / dealers can submit the EMD in INR to IISER, Pune without any relaxation.
  - iii. The Bank Guarantee is insisted due to steep fluctuations in foreign exchange hence the foreign DD's are not accepted towards EMD. Bids submitted without EMD will stand rejected. EMD will not be accepted in the form of cash /cheque. No interest is payable on EMD.
  - iv. The EMD will be returned to the BIDDERS(s) whose offer is not accepted by IISER, PUNE within one month from the date of the placing of the final order(s) on the selected BIDDER(s). In case of the BIDDER(s) whose offer is accepted the EMD will be returned on submission of Bank Guarantee as Security Deposit (SD). However, if the return of EMD is delayed for any reason, no interest / penalty shall be payable to the BIDDERS.

- v. The successful BIDDER, on award of contract / order, must send the contract / order acceptance in writing, within 15 days of award of contract / order failing which the EMD will be forfeited.
- vi. The EMD shall be forfeited: In case a successful BIDDER fails to furnish the Security Deposit.

4. The technical offer **should not contain any price information.**

**5. Specifications:**

Specifications are basic essence of the product. It must be ensured that the offers must be strictly as per our specifications. At the same time it must be kept in mind that merely copying our specifications in the quotation shall not make the parties eligible for consideration of the quotation. A quotation has to be supported with the printed technical leaflet/literature of the quoted model of the item by the quoting party/manufacturer and the specifications mentioned in the quotation must be reflected /supported by the printed technical leaflet/literature. Therefore the model quoted invariably be highlighted in the leaflet/literature enclosed with the quotation. Non-compliance of the above shall be treated as incomplete/ambiguous and the offer can be ignored without giving an opportunity for clarification/negotiation etc. to the quoting party.

**6. Compliance Statements:**

- a) Bidders must furnish a Compliance Statement of each and every required Specification of our tender in the format at ANNEXURE-‘B’. The deviations, if any, from the tendered specifications should be clearly brought out in the statement. Technical literature/leaflet showing the compliance of the specification may also be attached with the quotation.
- b) Similarly, the Compliance Statement/questionnaire for Terms & Conditions of the tender may be furnished, as per the enclosed format at Annexure -‘A’, along with quotation (with techno- commercial bid in case of two bid tender system).
- c) The firms are advised to submit both the compliance statements essentially along with their quotation failing which their offer may not be considered.

**Envelope 2 : “Commercial Bid” shall contain:**

- i. Cost of all the items should be mentioned clearly and individually in the Commercial Offer (Part-II) only.
- ii. The BIDDERS are requested to quote for Educational Institutional Price for Equipment and software, since we are eligible for the same.
- iii. The prices should be shown against each item for the purpose of Insurance claims / replacements if any.
- iv. List of deliverables / Bill of materials and services.
- v. In case of Foreign quote, the address of Principal’s / Manufacturer’s and their Banker’s details should be furnished.

**Note:**

- (i) No request for extension of due date will be considered under any circumstances.
- (ii) No sub-contracting is allowed with regard to installation, commissioning, training, warranty maintenance and after sales service. This is the sole responsibility of the Principals’/their authorized agents

7. IISER Pune may issue corrigendum to tender documents before due date of Submission of bid. The bidder is required to read the tender documents in conjunction with the corrigendum, if any, issued by IISER Pune. The bidder is not supposed to incorporate the amendment in the body of the tender document

## 8. **BID OPENING**

- a) Technical Bids will be opened on 19-5-2017 at 15.30 Hrs.
- b) Financial Bids of the eligible bidders will be opened on a later date. The date and time for opening of Financial Bids will be announced later.
- c) Bids would be summarily rejected, if tender is submitted other than through online or **original EMD & tender fee are not submitted within stipulated date / time**. IISER Pune shall not be responsible for any postal delay, EMD & Tender Fee before Tender closing date.

## 9. **Terms of the Technical Committee**

- (i) On the due date the Technical bids will be opened and referred to the Technical Committee which is duly constituted by the Director, IISER, Pune. The committee will go through the technical aspects of the tender and recommend short listed firms. The recommendation of the technical committee is the final and binding on all the parties.
- (ii) The technical evaluation will be an assessment of the Technical Bid. IISER, Pune representatives will proceed through a detailed evaluation of the Technical Bids as defined in **Chapter IV (Schedule of requirements, specifications and allied technical details)**, in order to determine whether they are substantially responsive to the requirements set forth in the tender. In order to reach such a determination, IISER, Pune will examine the information supplied by the BIDDERS, and shall evaluate the same as per the specifications mentioned in this tender.
- (iii) The technical committee may formulate evaluation criteria in addition to the specifications and requirements indicated in the tender, in the interest of IISER, Pune and this criteria/recommendation will also form as a part of short-listing of the firms.
- (iii) The Technical Committee will examine all the Technical aspects of the bids received. Further, the Technical Committee may seek additional information from the existing users at IISER, Pune or from other Institutes and also call for Technical presentations from the BIDDERS if it is required so.
- (v) The information received and the bids already submitted together will be examined with reference to the tendered specifications and evaluation is made by the Technical Committee.
- (vi) After the technical evaluation is completed and approved, IISER, Pune shall inform to the BIDDERS whose bids have been rejected technically with the reasons for rejection on e-Procurement Portal (<https://eprocure.gov.in/eprocure/app>). **The commercial offers of the vendors whose technical offers are found to be technically deficient or do not meet the qualification criteria as specified in this tender will be returned to them without opening along with their EMD.**
- (vii) The successful BIDDERS will be informed regarding the date and time of Commercial bid opening.
- (Viii) The purpose of obtaining two bids (technical and commercial) is to evaluate all the firms on technical basis with reference to the tendered specifications, performance of similar Solutions/Applications elsewhere, obtaining users views with reference to the earlier supplies. This will enable the technical committee to arrive at a fair recommendation in the interest of the organization.
- (ix) In the event of seeking any clarification from various BIDDERS by IISER, Pune, the BIDDERS are required to furnish only technical clarifications that are asked for. No amendment to commercial bid will be entertained at that stage. In case if a BIDDER fails to quote for a particular item it amounts to non-compliance and hence such bid will not be considered for further evaluation. Further during this process if any BIDDER

indicates the price during the clarification such bids also will not be considered for further evaluation.

10. **Bid Evaluation:**

Based on results of the Technical evaluation IISER, Pune evaluates the Commercial Bid of those Bidders who qualify in the Technical evaluation.

- a) IISER Pune shall correct arithmetical errors on the following basis:
  - (i) If there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of the Purchaser there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected.
  - (ii) If there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
  - (iii) If there is a discrepancy between words & figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (i) and (ii) above.
- b) Selling exchange rate/equivalent to Indian currency will be as on the date of bid opening in the case of single bidding and the rate on the date of opening of the priced bids in the case of two-part bidding.
- c) **The bids shall be evaluated on the basis of final landing cost as per format given in Price Schedule in case of import / indigenous items.**
- d) The comparison between the indigenous and the foreign offers shall be made on FOR destination basis and CIF/CIP basis respectively. However the CIF/CIP prices quoted by any foreign bidders shall be loaded further as under :
  - Towards customs duty and other statutory levies-as per applicable rates.
  - Towards custom clearance, inland transportation etc. – 2% of the CIF/CIP value.
- e) Where the price quoted on FOB/FCA and CIF/CIP basis are the same, the Contract would be made on CIF/CIP basis only.
- f) The Vague terms like “packing, forwarding, transportation..... etc. extra” without mentioning the specific amount/percentage of these charges will not be accepted. **Such offers shall be treated as incomplete and rejected.**
- g) After arriving at final pricing of individual offers of all the short listed firms, the lowest firm will be awarded with Contract/Purchase Order.

11. The Director, IISER, PUNE reserves the right to accept the offer in full or in parts or reject summarily or partly.

## CHAPTER-2: INSTRUCTIONS TO BIDDERS

### 1. PREPARATION AND SUBMISSION OF OFFERS:

a) Quotation should be submitted directly by the original manufacturer/supplier or its sole authorized distributor/dealer/Indian Agent. In case of bid by authorized dealer/distributor/Indian Agent, the manufacturer authorization should be attached with the technical bid as per Annexure-'D'.

**One Indian Agent can participate in a tender on behalf of one manufacturer only. No offer will be entertained if the same Indian Agent is representing another manufacturer for the same item.**

b) In case a bidder is not doing business within India, it shall furnish the certificate to the effect that the bidder is or will be represented by an agent in India equipped and able to carry out the supply, maintenance, repair obligations etc. during the warranty and post-warranty period or ensure a mechanism at place for carrying out the supply, maintenance, repair obligations etc. during the warranty and post-warranty period.

c) The bidder shall bear all costs associated with the preparation and submission of its bid irrespective of the conduct or outcome of the bidding process.

d) The bidder should not indulge in any corrupt, fraudulent, collusive, coercive practices during the entire process of procurement and execution of contract/order.

e) Before the deadline for submission of the bid, IISER PUNE reserves the right to modify the bidding document and to extend or not to extend the date of submission. Such amendment/modification will be hosted on e-Procurement portal (<https://eprocure.gov.in/eprocure/app>) or on IISER PUNE website.

f) Conditional tenders will be summarily rejected.

### 2. Delivery Period / Timeliness:

The deliveries & installation must be completed **within 02 Months** after placement of purchase order. The time is the essence of the contract. It is mandatory for the BIDDERS who respond to this bid to meet these expectations, as are tightly linked to IISER, PUNE's plans of completing the project within the time frame.

### 3. Security Deposit:

3.1 Within ten (10) days of the award of contract, the vendor shall furnish a Security Deposit amounting to 10% of the purchase order value in the form of Demand Draft/Bank Guarantee (**from scheduled Bank only**) favoring the Director, Indian Institute of Science Education and Research, Pune.

3.2 The IISER will forfeit the 10% security deposit if vendor fails to execute the order as per the Purchase Order. This Security Deposit will be refunded to the vendor only on successful installation of the EQUIPMENT / SYSTEM.

3.3 The Security Deposit should be valid for a period of warranty period as we plan to extend the same as Performance Bank Guarantee.

3.4 **Bank Guarantee wherever mentioned in this document may be read as "Bank Guarantee from any Scheduled Bank" only.**

### 4. Amalgamation/Acquisition etc.:

In the event the Manufacturer/Supplier proposes for amalgamation, acquisition or sale of its business to any firm during the contract period, the BUYER/Successor of the Principal Company are liable for execution of the contract and also fulfillment of contractual obligations i.e. supply, installation, commissioning, warranty, maintenance/replacement of spares accessories etc. while submitting your bid, you may confirm this condition.

### 5. Bid Validity Period:

5.1. The prices must be valid at least for a period of **180 days** from the date of opening of the Tender. No changes in prices will be acceptable in any condition after opening of tender till the validity of the offer or execution of the order whichever is later

- 5.2. IISER, PUNE may ask for the BIDDER's consent to extend the period of validity. Such request and the response shall be made in writing only. The BIDDER is free not to accept such request without forfeiting the EMD. A BIDDER agreeing to the request for extension will not be permitted to modify his bid.
- 5.3 Bid evaluation will be based on the bid prices without taking into consideration the above corrections.

## **6. AWARD OF CONTRACT:**

### **Award Criteria**

- 6.1 IISER, PUNE shall award the contract to the technically qualified eligible BIDDER whose bid has been determined as the lowest evaluated commercial bid.
- 6.2 If more than one BIDDER happens to quote the same lowest price, IISER, PUNE reserves the right to award the contract to more than one BIDDER or any BIDDER.

## **7. IISER Pune Right to vary Quantities at the time of Award:**

- 7.1. The IISER Pune reserves the right at the time of Contract award to increase or decrease the quantity of goods and services originally specified in the tender document without any change in unit price or other terms and conditions. Further, at the discretion of the IISER Pune, the quantities in the contract may be enhanced by 25% within the delivery period.
- 7.2. Firms which have already supplied similar equipment to IISER, PUNE and have not completed required installation/commissioning/after sales service/warranty replacements etc. such firms offers will not be considered for further evaluation and no enquiries thereafter will be entertained.

## **8. Cargo Consolidation and Customs Clearance:**

IISER, PUNE has appointed its own Freight Forwarder and Custom House Agent for all IISER, imports. Please note that all the consignments have to be routed through their associates only. The address and contact details will be provided at the time of placing the Purchase Order. While submitting your bid, you may confirm this condition.

## **9. Fraud and Corruption:**

The IISER Pune requires that bidders, suppliers, contractors and consultants, if any, observe the highest standard of ethics during the procurement and execution of such contracts. In pursuit of this policy,

(a) The terms set forth below are defined as follows:

- (i) **“Corrupt practice”** means the offering, giving, receiving, or soliciting, directly or in directly, of anything of value to influence the action of a public official in the procurement process or in contract execution;
- (ii) **“Fraudulent practice”** means a misrepresentation or omission of facts in order to influence a procurement process or the execution of a contract;
- (iii) **“Collusive practice”** means a scheme or arrangement between two or more bidders, designed to establish bid prices at artificial, noncompetitive levels; and
- (iv) **Coercive practice”** means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the procurement process or affect the execution of a contract;

(b) The IISER Pune will reject a proposal for award if it determines that Bidder recommended for award has, directly or through an agent, engaged in corrupt, fraudulent collusive or coercive practices in competing for the Contract in questio

## **10. Interpretation of the clauses in the Tender Document / Contract Document**

In case of any ambiguity / dispute in the interpretation of any of the clauses in this Tender Document, **Director, IISER, PUNE's interpretation of the clauses shall be final and binding on all parties.**

## **CHAPTER - 3 : CONDITIONS OF CONTRACT**

### **1. Prices:**

Bid prices should be filled in the appropriate format as mentioned in Price Schedule.

***ALL THE BIDDERS SHOULD QUOTE PRICES FOR EACH AND EVERY ITEM SEPERATELY ALONG WITH THE CONSOLIDATED PRICES APPLICABLE FOR BOTH INDIGENOUS AND IMPORTED ITEMS.***

#### **A. For Goods manufactured in India:**

- (i) The price of goods quoted Ex-Works including taxes already paid.
- (ii) VAT and other taxes like excise duty etc. which will be payable on the goods if the contract is awarded.
  - (a) The charges for inland transportation, insurance and other local service required for delivering the goods at the desired destination as specified in the price schedule form.
  - (b) The installation, commissioning and training charges including any incidental services, if any.

#### **B. For Goods manufactured abroad:**

- (i) The price of the goods, quoted on FCA (Named place of delivery abroad) or FOB (Named port of shipment), as specified in the schedule form.
- (ii) The charges for insurance and transportation of the goods to the port/place of destination.
- (iii) The agency commission charges, if any.
- (iv) The installation, commissioning and training charges including any incidental services, if any.

**C. We are exempted from payment of Excise Duty under notification number 10/97 dated 01.03.1997 and Customs Duty under notification No.51/96 dated 23.07.1996. Hence Excise Duty and Customs Duty, if any, should be shown separately. No other charges than those mentioned clearly in the quotation will be paid.**

**D. Sales Tax:** We are not authorized to issue any Sales Tax Form 'C' & 'D'.

**E. BIDDERS** may also bid for High Sea sales.

### **2. Bank Charges:**

**All Bank charges inside India, including opening of LC, to IISER, PUNE Account and outside India to Beneficiary's Account only. In case the BIDDER seeks confirmation of LC such confirmation charges are to the Beneficiary's account. This may please be noted and confirmed.**

### **3. Agency Commission & Services:**

- 3.1. The Indian Agency commission payable in Indian currency only after the receipt of consignment in good condition at our Stores and satisfactory installation and commissioning of the ordered equipment.
- 3.2. In case of foreign quote, the Principal supplier should clearly indicate the address of the Indian Agent and percentage (%) of Agency Commission and taxes if any payable to him. Such amounts will be paid in Indian Currency to the Indian Agent.
- 3.3. Details of services rendered by you as well as after-sales services offered by you are to be made clear in the tender.

### **4. Performance Bank Guarantee:**

The 10% Security Deposit which is mentioned above may be extended as Performance Bank Guarantee for a period of warranty period.

### **5. Performance Benchmarks:**

The technical evaluation committee needs to be provided with an evaluation system to carry out performance benchmarks.

6. **Pre-installation:**

The BIDDER has to state in detail the Electrical Power/UPS requirements, floor Space, head room, foundation needed and also to state whether Air-conditioned environment is needed to house the system and to run the tests. i.e. pre-installation facilities required for installation may please be intimated in the technical bid. Subsequently, before the consignment lands in IISER, Pune the BIDDER shall confirm that the pre-installation requirements are sufficient for installation of the equipment. In other words the BIDDER should continuously monitor the pre-installation requirements and see that everything is ready before the consignment is taken to the site for installation.

7. **INSTALLATION:**

7.1 BIDDER shall be responsible for installation / demonstration wherever applicable and for after sales service during the warranty and thereafter.

7.2. Installation demonstration to be arranged by the supplier free of cost and the same is to be done within 15 days of the arrival of the equipment at site.

7.3. After successful installation what will be the minimum down time of equipment/instrument in case of breakdown. If the identified firm or person fails to put the system into working condition what is the further alternative course of action suggested by you to adhere to minimum down time.

8. **INSPECTION:**

8.1 The inspection of the system will be done by our technical expert /Scientist in the presence of firm's representative.

8.2 In case of receipt of the material in short supply or damaged condition the supplier will have to arrange the supplies/ replacement of goods free of cost pending the settlement of the insurance case wherever applicable on FOR at the IISER. Or CIF basis till satisfactory installation of the system.

8.3 The supplier **should arrange for physical inspection of the items directly or through their authorized representative within seven days of arrival of the consignment failing which they will be responsible for the losses.** After the shipment is effected, the supplier/its representative/Indian agents must remain in touch with the lab/instt. to ascertain the date of arrival of consignment.

9. **Training:**

Wherever needed, Our Scientist/Technical persons should be trained by the supplier at the project site free of cost. In case the person is to be trained at supplier's site abroad or in India it should be mentioned in the quotation clearly. The supplier should bear all the expenses for such training including 'to & fro' fares and lodging & boarding charges.

10. **Warranty / Support:**

10.1. The items covered by the schedule of requirement shall carry minimum **Three years of comprehensive warranty** from the date of acceptance of the equipment by IISER, PUNE. Warranty shall include free maintenance of the whole equipment supplied including free replacement of parts. The defects, if any, shall be attended to on immediate basis but in no case any defect should prolong for more than 24 hours. The comprehensive warranty includes onsite warranty with parts.

10.2. The defects, if any, during the guarantee/warranty period are to be rectified free of charge by arranging free replacement wherever necessary. This includes cost, insurance, freight, custom duty, octroi, local taxes if any should be borne by the beneficiary or his agent. A clear confirmation should be given for this item.

10.3. The warranty on the associated software should cover providing of upgraded version/s, if any, released during the warranty period free of cost.

- 10.4. The BIDDER shall assure the supply of spare parts after warranty is over for maintenance of the equipment supplied if and when required for a period of 10 years from the date of supply of equipment on payment on approved price list basis.
- 10.5. The equipment must be supported by a Service Centre in India manned by the principal vendor's technical support engineers. The support through this Centre must be available 24 hours in a day, seven days a week and 365 days a year. Also it should be possible to contract the Principal's vendor support Centre on a toll free number/web/mail.
- 10.6. An undertaking from the manufacturer is required in this regard stating that they would facilitate the BIDDER on regular basis with technology / product updates & extend support for the warranty as well.
- 10.7. The vendor will have to arrange for all the testing equipment & tools required for installation, testing & maintenance etc.
- 10.8. The principal vendor must have a local logistics support by maintaining a local spares depot in the country of deployment of the equipment. This is to ensure immediate delivery of spares parts from Principal Vendor of equipment to its channel partner/system integrator.
- 10.9. Details of onsite warranty, agency who shall maintain during warranty and undertake Annual Maintenance Contract/Comprehensive Service Maintenance Contract beyond warranty shall be given in the offer. In case of foreign quote, the Indian Agent who shall maintain during warranty and AMC beyond warranty shall be given in the Technical Offer.
- 10.10 **COMMENCEMENT OF WARRANTY PERIOD:**  
The warranty period of an item shall commence after receipt of the items in good working condition and from the date of its satisfactory installation/commissioning/demonstration at the project site in IISER,, Pune. The warranty period and validity of Performance Guarantee shall be extended for the period of delay in satisfactory installation and delay in warranty services.
11. **Reasonability of Prices:**
  - 11.1 Please quote best minimum prices applicable for a premiere Educational and Research Institution,
  - 11.2 The party must give details of identical or similar equipment, if any, supplied to any IITS/IISERS/ CSIR lab during last three years along with the final price paid and Performance certificate from them.
12. **Annual Maintenance Contract:**
  - 12.1. The party must mention in the quotation, the rate/amount of annual maintenance charges, if we opt for maintenance contract after expiry of the warranty period. This is mandatory to mention, wherever applicable.
  - 12.2. No sub-contracting will be allowed for installation or maintaining system/ equipment / instrument during or after warranty period.
13. **Indemnity:**  
The vendor shall indemnify, protect and save IISER, PUNE against all claims, losses, costs, damages, expenses, action suits and other proceeding, resulting from infringement of any law pertaining to patent, trademarks, copyrights etc. or such other statutory infringements in respect of all the equipments supplied by him.
14. **Freight & Insurance:**
  - 14.1. Imports: In case of imports the freight & insurance will be paid by IISER, PUNE, as the consignments are shipped through the IISER, PUNE nominated freight forwarder (applicable only cases of FCA/FOB shipments).

- 14.2. Indigenous : The equipment to be supplied will be insured by the vendor against all risks of loss or damage from the date of shipment till such time it is delivered at IISER, PUNE site in case of Rupee transaction.
15. **Payment:**
- 15.1. For Indigenous items, 90% payment shall be made against delivery, installation, commissioning and on acceptance as per Purchase Order at site and balance 10% shall be made after receipt of performance Bank Guarantee for 10% of the total order value, to be valid for till warranty period from date of installation and acceptance. If no Bank Guarantee is given, the balance 10% will be paid after assessing, after sales service during warranty period i.e. payment after warranty period.
- 15.2. For imported items, 90% payment shall be made by a Irrevocable Letter of Credit established in favor of the supplier through the State Bank of India, Deccan Gymkhana Branch, Pune 411 004 (India) for the order value, excluding the Agency Commission due to the Indian Agents, against the presentation of original Shipping documents. Balance 10% will be released after completion of satisfactory installation, commissioning, demonstration of the whole system, after imparting training and upon receipt of Bank Guarantee for 10% of total Order value towards performance security to be valid for till warranty period from the date of installation. However Letter of Credit arrangement will be made for 100% order value.
- The payment of local currency portion shall be payable in equivalent Indian Rupees, within 30 days after the receipt of the equipment in good condition and after satisfactory installation and commissioning and demonstration.
- The Agency Commission to the Indian Agent will be paid in INR only after successful installation, commissioning and satisfactory demonstration and acceptance of the items ordered for by the end user.
16. **Penalty for delayed Services / LD:**
- 16.1. As time is the essence of the contract, Delivery period mentioned in the Purchase Order should be strictly adhered to. Otherwise the IISER will forfeit EMD/SD and also LD clause will be applicable /enforced.
- 16.2. If the supplier fails to Supply, Install and Commission the system as per specifications mentioned in the order within the due date, the Supplier is liable to pay liquidated damages of 1% of order value per every week of delay subject to a maximum of 10% beyond the due date. Such money will be deducted from any amount due or which may become due to the supplier.
- 16.3. IISER, PUNE reserves the right to cancel the order in case the delay is more than 10 weeks. Penalties, if any, will be deducted from the Security Deposit.
17. **Jurisdiction:**  
The disputes, legal matters, court matters, if any, shall be subject to Pune Jurisdiction only.
18. **Force Majeure:**  
The Supplier shall not be liable for forfeiture of its performance bank guarantee, liquidated damages or termination for default, if and to the extent that, it's delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure. For purposes of this Clause, "Force Majeure" means an event beyond the control of the Supplier and not involving the Supplier's fault or negligence and not foreseeable. Such events may include, but are not limited to, acts of the IISER Pune either in its sovereign or contractual capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
- If a Force Majeure situation arises, the Supplier shall promptly notify the IISER Pune in writing of such conditions and the cause thereof. Unless otherwise directed by the IISER Pune in writing, the Supplier shall continue to perform its obligations under the contract as far as is reasonably

practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

19. **Dispute Settlement:**

IISER Pune and the Supplier shall make every effort to resolve amicably by direct informal negotiation any disagreement or dispute arising between them under or in connection with the Contract.

If, after twenty-one (21) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the IISER Pune or the Supplier may give notice to the other party of its intention to commence arbitration, as hereinafter provided, as to the matter in dispute, and no arbitration in respect of this matter may be commenced unless such notice is given. Any dispute or difference in respect of which a notice of intention to commence arbitration has been given in accordance with this Clause shall be finally settled by arbitration. Arbitration may be commenced prior to or after delivery of the Goods under the Contract.

The dispute settlement mechanism/arbitration proceedings shall be concluded as under:

- (a) In case of Dispute or difference arising between the IISER Pune and a domestic supplier relating to any matter arising out of or connected with this agreement, such disputes or difference shall be settled in accordance with the Indian Arbitration & Conciliation Act, 1996, the rules there under and any statutory modifications or re-enactments thereof shall apply to the arbitration proceedings. The dispute shall be referred to the Director IISER Pune, if he is unable/ unwilling to act, to the sole arbitration of some other person appointed by his willing to act as such Arbitrator. The award of the arbitrator so appointed shall be final, conclusive and binding on all parties to this order.
- (b) In the case of a dispute between the Purchase and a Foreign supplier, the dispute shall be settled by arbitration in accordance with provision of sub-clause (a) above. But if this is not acceptable to the supplier then the dispute shall be settled in accordance with provisions of UNCITRAL (United Nations Commission on International Trade Law) Arbitration Rules.

The venue of the arbitration shall be the place from where the purchase order or contract is issued.

Assistant Registrar (S&P)

**CHAPTER 4**  
**SCHEDULE OF REQUIREMENTS, SPECIFICATIONS & ALLIED TECHNICAL DETAILS**

Technical Specification for Electrochemical Workstation

Important: In all cases the model and company name of the product has to be mentioned clearly

1.	Electrochemical (Potentiostat/Galvanostat) analyzer with power supply 220V/50Hz, Interface Cable for serial port / USB Port, Cell Cable, windows based acquisitions s/w Manuals & Installation. System should be capable for measurements of Voltammetry, amperometry, Pulse & stripping techniques, Double pulse, AC impedance with Impedance vs E (Mott-Schottky plots), Hydrodynamic, Chronopotentiometry techniques, OCP, RDE controls
2.	<p>Channel 1 and 2 (dedicated for Bipot)</p> <p>Specifications provided below:</p> <p>Bipotentiostat Suitable for RRDE experiment ( Either by single bipot or 2 Potentiostats coupled )</p> <ol style="list-style-type: none"> <li>1.2-3-4 electrode configuration</li> <li>2. Earth ground</li> <li>3. Potential scan range: <math>\pm 10</math> V or higher</li> <li>4. Compliance Voltage: <math>\pm 18</math> V or higher</li> <li>5. Applied potential resolution: 0.0015% of potential range</li> <li>6. Resolution of measured current: <math>3\mu\text{V}</math> or better</li> <li>7. Resolution of measured current: 0.0003% of current range</li> <li>8. Input bias current: <math>&lt; 1</math> pF or better</li> <li>9. Potentiostat bandwidth : 1MHz or higher</li> <li>10. Measured current range: <math>\pm 10</math> nA to <math>\pm 1</math> A or higher in 10- 12 ranges, if any current booster needed it should be included in the cost</li> <li>11. Measured current resolution : few fA on 10nA FSR or better</li> <li>12. Input impedance of electrometer: <math>&gt;90</math> GOhm//10pF</li> <li>13. Potentiostat rise-fall time: <math>&lt; 300</math>ns or better</li> <li>14. Electrode connection: 4 (WE, S, CE and RE)</li> <li>15. Interface to PC: USB</li> <li>16. Zero resistance ammeter.</li> </ol> <p>Hardware for Bipotentiostatic Measurements: Qty 1 no</p> <p>Module for conversion of the system into a two channel potentiostat with two working electrodes sharing the same AE &amp; RE. Specifications: Potential Offset Range: <math>\pm 10</math> V, Maximum Current 50 mA, Current Range: 10 mA, 1 mA, 100 <math>\mu\text{A}</math>, 10 <math>\mu\text{A}</math>, 1<math>\mu\text{A}</math>, 100 nA &amp; 10 nA. Modes: Bi-potentiostat, Scanning Bipotentiostat.</p>
3.	<p><i>Experimental Parameters</i></p> <ol style="list-style-type: none"> <li>1. CV and LSV scan rate: at least <math>\geq 2000</math> V/s (with or without scan generator)</li> <li>2. Potential increment during scan: 0.1 mV @ 1000 V/s</li> <li>3. CA and CC pulse width: 0.0001 to 1000 s</li> <li>4. DPV and NPV pulse width: 0.01 to few sec</li> <li>5. IMP frequency: few uHz to 1 MHz</li> </ol>
4.	<p>Galvanostat</p> <ol style="list-style-type: none"> <li>1. Galvanostat applied current range: 10nA to 1A or higher (with or without boosters)</li> <li>2. Applied current resolution: at least 0.03% of applied current range</li> <li>3. Applied current accuracy: 20 pA <math>\pm 0.2\%</math> if <math>&gt; 3e-7</math>A, <math>\pm 1\%</math> in other words at least 0.2% of applied current range</li> <li>4. Reference electrode input impedance: <math>1 \times 10^{12}</math> ohm</li> <li>5. Fast data acquisition: 16-bit ADC</li> </ol>

5.	<p>Four Channels (dedicated to battery charge-discharge measurements and one of them will have impedance analyzer)          4 channel charge discharge &amp; voltammetry system for battery applications          Maximum potential : 5V or higher          Current range : few nA to 1A or higher          All eight channels should be independent. User should be in a position to run slow CV for battery solid materials and few 1000 cycles charge discharge          Following techniques should be possible in each channels independently. S/w should be in a position to streamline the data to computer during measurements</p> <ul style="list-style-type: none"> <li>• Cyclic Voltammetry, few mV/s to 5 V/s</li> <li>• Linear sweep Voltammetry few mV/s to 5 V/s</li> <li>• Amperometric I-T Curve</li> <li>• Chronopotentiometry</li> <li>• Open Circuit potential Versus time</li> </ul>	
6.	<p>Software feature          Digisim or equivalent Cyclic Voltammetry simulation software.          Impedance simulation and fitting software.</p> <p>The Software to be provided with the potentiostat / galvanostat should be comprehensive, fully windows based with three dimensional view of graphics and analysis software. Software should record current, voltage and time for cyclic and linear sweep voltammetric measurement. It should be possible to record current, voltage and time data in tabular format for each measuring point in volt-ammogram.</p> <p>Software should be capable of supporting a wide variety of electrochemical techniques as mentioned below.</p> <ul style="list-style-type: none"> <li>· Cyclic &amp; Linear Sweep Voltammetry</li> <li>· Linear Polarization</li> <li>· Differential Pulse, Sampled DC &amp; Square Wave Voltammetry</li> <li>· Chrono - amperometry and chrono potentiometry (<math>\Delta t &gt; 1</math> ms)</li> <li>· Comprehensive database structure &amp; powerful data analysis tool.</li> <li>· Inbuilt electrochemical spread sheet</li> <li>· User programmable formulae to new plots.</li> <li>· The software should have capability to display four plots simultaneously.</li> </ul>	
7.	<p>At least one channel for          High frequency AC impedance in 1 channel independent operation          4-Point configuration          At least <math>\mu\text{Hz}</math> to 7MHz frequency with a 0.01Hz resolution  <math>1\text{m}\Omega \dots 100\text{M}\Omega</math>, 0.1% repeatability</p> <p>It should be supplied with powerful fit and simulation software for the analysis of Impedance data. Frequency resolution 0.003%, Input range <math>\pm 10</math> V, Signal types 1 sine, 5 sine, 15 sine, Input channels E and I from the potentiostat/galvanostat or X and Y external signals, AC amplitude 0.25 mV to 0.30 Vrms in potentiostatic mode, 0.0002 - 0.3 times current range in galvanostatic mode. Data presentation: Nyquist, Bode, Admittance, Dielectric, Mott-Schottky, Data analysis: Fit and Simulation, Find circle, Element subtraction, Kramers-Kronig.</p> <p>Important: Except for the impedance channel the student should be able to carry out the charge-discharge cycles on the other channels even when a RRDE or LSV experiments are running on the Bipot Channel 1.</p>	
8.	<p>Electrodes and Accessories quantity as per the tender (Note: Some of them can be quoted as optional)</p> <table border="1" data-bbox="172 1966 1390 2033"> <tr> <td data-bbox="172 1966 1390 2033">                 Electrochemical Cell System includes 4 glass cells with one Cell top- 8 Nos. 10.	Spectrometer for General lab use( fluorescence (optional), emission, absorbance, transmission, reflectance)																					

	Should have at least transmission and reflectance mode.			
	Wavelength range	200nm or lower-1700nm or higher		
	Slit :	25um		
	Optical resolution	~2 nm in vis, ~10nm in NIR		
	Fiber optic Connector	SMA905		
11.	Light source for spectrometer			
	Source	Deuterium and Tungsten-Halogen		
	Wavelength range	230-2500nm		
	Source Lifetime	1000 hours		
	Bulb power	25 W (deuterium) 20 W (tungsten halogen)		
	Typical output power:*	194 μW (deuterium bulb) <sub>1</sub> bulb) 615 μW (tungsten bulb) <sub>1</sub> bulb)		
	Please provide appropriate optical fibers that would provide the above mentioned output power.			
12.	In situ spectroscopy– Transmission mode and reflection mode To monitor the online spectral changes at the surface for ITO plates and Pt grid			
13.	<ul style="list-style-type: none"> <li>• Spectro-electrochemical cell with 10mm path length - 1 nos.</li> <li>• 2 meter long, 200 um core diameter optical fibers - 2 nos.</li> <li>• 1m 1000um fiber vis/NIR for PL collections</li> <li>• Cuvette holder 4 side SMA</li> <li>• 1 cm pathlengthspectroelectrochemical cell, 2 way clear 1no., 4 way clear 1no.</li> <li>• ITO plates – 50 nos.</li> <li>• 3mW Laser with SMA connector 405, 532, 650nm one each with power supply for excitation</li> <li>• 3mW Laser with SMA connector 405, 532, 650nm one each with power supply for excitation.</li> </ul> <p>Or LED Light Sources capable of covering the range of 350 to 800nm. In case of LED sources: Accessories for Photo-modulated Impedance Measurements on Solar Photovoltaic Devices: Qty 1 no Photo Kit consisting of the following articles Optical bench, calibrated photodiode holder, LED cover holder, LED cover red (627 nm), cables, installation manual. Red LED, 627 nm, 306 lm, 700 mA max. current, Red-Orange LED, 617 nm, 366 lm, 700 mA max. current, Amber LED, 590 nm, 396 lm, 700 mA max. current, Green LED, 530 nm, 390 lm, 700 mA max. current, Cyan LED, 505 nm, 360 lm, 700 mA max. current, Blue LED, 470 nm, 174 lm, 700 mA max. current, LED cover holder, Calibrated photodiode holder, with calibration certificate</p> <ul style="list-style-type: none"> <li>• Pt grid 2 nos</li> </ul>			
14.	Spectroelectrochemical- Reflection mode 400um core diameter reflection probe and suitable sample holder to hold the electrode to monitor online reflection changes when the potential is applied			
15.	Spectroelectrochemistry in Dip Mode  Dip-probe option with 10mm path length probe (Dip probe is useful for the species generated in liquid not on the solid surfaces or at the electrodes). Optional supplies for spectro electrochemistry: Light source for spectrometer- spare bulb 1 Quartz cuvette for absorption - 2 nos (2 way clear)  Bulk electrolysis cell with large area Pt wire gauze and Pt flag counter electrode. Pt wire gauze working electrode for coulometry electrode			

	<p><b>90% Platinum / 10% Iridium Electrodes</b>  <b>Steam height 45 mm</b>  <b>Height of Cylinder 32 mm</b>  <b>Total Height 77 mm</b>  <b>Diameter of Cylinder 32 mm</b>  <b>Appox.weight 17 gms</b>  <b>Approx.surface area 60cm<sup>2</sup></b>  <b>Purity : 99.95% minimum</b>  <b>Pt counter electrode for coulometry</b>            Height 11.5 cm with Pt mesh for larger surface area</p>												
16.	<p>Cell for Photo-electrochemical Measurement: Qty 1 no            Cell for Photo-electrochemical Measurements with 15 mm dia quartz window, 15 mm dia ITO Coated Glass Plate or Ti Foil, Pt Wire Counter electrode 40mm long 1mm diameter, Ag/AgCl reference electrode with provision for gas purging and sampling.</p>												
17.	<p>QMS, 0-100AMU + 0.5AMU, Turbo (10e-6 torr) with backup pump, leak valve, sampling arrangement from Electrochemical reaction cell, interface, software            The Mass Spec should be able to detect H<sub>2</sub>, O<sub>2</sub>, N<sub>2</sub>, CO<sub>2</sub>, CH<sub>4</sub> and they should be quantifiable. The Mass spec would need to be directly hooked up to an air-tight three-electrode cell with provision for evacuating (taps to isolate the cell), purging (taps to let in gas and then isolate). The carrier gas and the gases evolved in the cell should be input into the Mass Spec for quantitative measurements without any transfer loss.            Typical Specs: Mass range : 1~200a.m.u, Detector : Faraday cup / C-SEM, Min. detection limit : &lt;1ppm depending on the gas, Resolution : <math>M/\Delta M \geq 2M</math>, Scan speed : 0.1, 0.3, 1, 3, 10sec/a.m.u, Sniffer probe : 1/16 inch capillary tube, Max. temperature of heater hose : 150°C, Gas consumption rate: Approximately 1cc/min (at 1atm), Measurement channels : Max. 16 ch, Capillary tube of PEEK make and Inner diameter=100µm, L=1.5m, Diaphragm pump, Interface : RS232C            Software : Selected Ion monitor, Mass peak monitoring, Spectrum image display, Distribution Fitting, Area Calculation, Convert to Temp. Axis, Metal dispersion calculation</p>												
18.	<p>Solar Illuminator (part of a Solar simulator) for Water splitting studies: (to be quoted as option.)</p> <ul style="list-style-type: none"> <li>• Simulator standards ASTM E927, IEC 904-9, JIS C 8912</li> <li>• Light source: Xenon Lamp 150W or higher with light intensity feedback system for stable output for area 30 X 30mm or better or a circular illumination of 25mm radius. or better, 1 sun intensity</li> <li>• Manual &amp; Automatic Shutter Control</li> <li>• Selection of power 80-120%</li> <li>• Airmass Filter AM1.5G, shutter and shutter driver</li> </ul> <table border="1" data-bbox="354 1467 1394 1682"> <tr> <td>Test report should be attached for verification of AAA Solar simulator</td> <td></td> <td>•</td> </tr> <tr> <td>Temporal Stability</td> <td>&lt; or = 2% or better</td> <td>≤ 1% RMS</td> </tr> <tr> <td>Spectral match</td> <td>+/- 25%</td> <td>AM filters: IEC 60904-9</td> </tr> <tr> <td>Non uniformity</td> <td>&lt; or = 2% or better</td> <td>± 5%</td> </tr> </table> <ul style="list-style-type: none"> <li>• Lamp Lifetime of at least 1000 hours</li> <li>• Reference cell should be quoted for calibration of the system certified by renowned calibration labs.</li> <li>• System should have provision for illuminating both way vertically and horizontally without compromising its intensity</li> <li>• Photoreactor should be quoted for carrying out water splitting and other photocatalysis measurement.</li> <li>• System should be compatible to quoted Electrochemical workstation for Water splitting studies and for doing photo-electrocatalytic water splitting.</li> </ul>	Test report should be attached for verification of AAA Solar simulator		•	Temporal Stability	< or = 2% or better	≤ 1% RMS	Spectral match	+/- 25%	AM filters: IEC 60904-9	Non uniformity	< or = 2% or better	± 5%
Test report should be attached for verification of AAA Solar simulator		•											
Temporal Stability	< or = 2% or better	≤ 1% RMS											
Spectral match	+/- 25%	AM filters: IEC 60904-9											
Non uniformity	< or = 2% or better	± 5%											
19.	<p>Water splitting cell with standard joints, provision for generated gas collection by QMS with suitable std joints and tubings. You must provide a heat gun for drying the connections and the connecting tube, in case</p>												

	<p>water gets condensed. Or alternatively, you can provide an insulated anti-condensing connecting tubes and connections.</p> <p>The integration of the air-tight electrode assembly to the Mass Spec and demonstrating their proper running in our in-house facility is required for us to release the successful test report.</p>
20.	<p>Latest Pentium i7 computer with windows based s/w standard configuration Windows 7 or 10. Should be specified to handle parallel or simultaneous data collection from all the 6 channels (Bipot, C-D cycling, Impedance). Software should support simultaneous data collection and access. If more than 1 computer is required for the handling, both should have the softwares to do any data handling. We realize that two computers with both having the entire software would be a better configuration- so that we can collect continuous data from all the channels simultaneously, while we would use the second computer for analysis of the data at anytime.</p> <p><b>One computer with 16GB RAM each and 1TB of storage should be provided. And another computer with same specifications to be provided as optional.</b></p> <p><b>Computers need to be from reputed makers for example DELL or Lenova or equivalent.</b></p> <p>A LaserJet printer to be provided.</p>
21.	<p>Cost of Upgradation to SECM should be provided for the Bipot as a future possibility (to be quoted as optional)</p>

**CHAPTER-5 PRICE SCHEDULE**

The Bill of materials must be included in the technical offer as well as commercial offer. **However the Technical offer should not contain any price information.**
